DELL™ ULTRASHARP™ 2009W
20-INCH WIDESCREEN
FLAT PANEL MONITOR

A 20″ HIGH-PERFORMANCE MONITOR WITH TRUECOLOR TECHNOLOGY

The Dell UltraSharp 2009W can meet your business requirements with ease, delivering rich, life-like imagery and accurate color representation with TrueColor Technology (102% color gamut typical)[1] and 2000:1 dynamic contrast ratio. Together with a fast response time of 5ms (typical) that helps prevent ghosting and smearing, you can enjoy an excellent front of screen and multi-media viewing experience that makes the 2009W an ideal monitor upgrade for the office.

Featuring outstanding 1680x1050 wide resolution, this high-performance monitor gives you a 36% increase in viewable content[2], when compared to the Dell 1908WFP, providing more space to work in. This helps increase efficiency and productivity for your business applications.

Advanced connectivity options including DVI allow you to hook up the monitor to your PC for enhanced, jitter-free image quality and stupendous color uniformity. HDCP connectivity also enables you to view protected high-definition content, greatly expanding the range of your media choices.

Enjoy the UltraSharp Advantage with intuitive built-in features like a height-adjustable stand and 4 conveniently located USB 2.0 ports - small thoughtful details that make life easier.

Get the maximum value your business deserves. See More, Do More with Dell.

EXCELLENT SCREEN PERFORMANCE FOR LIFE-LIKE IMAGERY

• Outstanding 1680x1050 wide resolution gives 36% increase in viewable content[2] to work on.

Why Dell Monitors?

TECHNOLOGY LEADERSHIP
Dell constantly provides the greatest and latest in display innovations, bringing relevant, customer-driven technology to you for an enhanced viewing experience.

UNCOMPROMISING VALUE
Dell monitors are designed to exacting standards and manufactured by the world's foremost suppliers, consistently delivering outstanding performance, quality and reliability.

WORLD CLASS SERVICE & SUPPORT
Enjoy the exceptional service and support that you have come to expect from the Dell brand. We provide accountability, a single point of contact and the peace of mind of purchasing from a stable and reliable technology partner.

RECYCLING
Dell recommends that customers dispose of their used computer hardware, including monitors, in an environmentally sound manner. Potential methods include reuse of parts or whole products and recycling of product, components and/or materials. For more information, please visit http://dell.com/recycling_programs and www.dell.com/environment

HALOGEN-REDUCED
As part of Dell's continuous efforts to eliminate the use of environmentally sensitive materials in our products, the Dell UltraSharp 2009W is the first Halogen-Reduced flat panel monitor that offers multiple printed circuit boards containing "halogen-free" laminates (per JPCA ES-01-1999), as well as "halogen-free" chassis plastics.
