

Dell Latitude E6430s

The light Dell™ Latitude™ E6430s delivers the high mobility of the Latitude E6330, yet boasts a larger display for working and creating while on-the-go.

Inspired Design

Equipped with a 14" display in a highly mobile 13.3" chassis, the Dell Latitude E6430s is designed for the demands of

everyday work with durability features such as a MIL-STD 810G tested Tri-Metal™ casing, anodized aluminum display back, magnesium alloy wrapped corners, steel hinges, and a powder-coated base. The spill-resistant keyboard and LCD protective seal further help protect the system from bumps and spills, while StrikeZone™ shock absorber, Fast Response Free-Fall Sensor, and rubber hard drive isolation help protect data from drops and vibration.

Dell's new generation of Latitude E-family laptops are the most environmentally-responsible Latitude laptops ever. All systems are BFR/PVC-free¹ and offer recyclable packaging and highly efficient power adapters.

Go-Anywhere Productivity

The Dell Latitude E6430s strikes the perfect balance of sophisticated design and performance features. Users can power through the day with the latest Intel® Core™ i5 or i7 processors, high-bandwidth DDR3 memory and Intel® HD graphics. Long battery life and 3- and 6-cell ExpressCharge™ battery options help provide power for ultimate productivity, while Intel Rapid Start and Intel Smart Connect² get them up and going fast as they move from site to site.

For effective, on-the-go collaboration, the Latitude E6430s enables users to connect with colleagues from virtually anywhere with a high-performing antenna and the latest wireless connectivity options. The optional built-in HD webcam, array microphones and Microsoft Unified Communications help provide optimal video conferencing.

The Latitude E6430s provides 180 degree LCD movement and an optional backlit keyboard so users can work comfortably even in low-light environments, while E-port docking solutions allow seamless transition to full desktop productivity while in the office.

Business-Class Control

Manage and maintain your Latitude E6430s with ease with the latest Intel® vPro systems management iAMT 8.x, which helps deliver seamless out-of-band management. Dell's remote BIOS management offers efficient remote-control over firmware settings. Minimize stocked parts with one common dock, AC adapter and accessories across the E-family line, and easily share optical drives, hard drives and batteries between select laptops. Upgrade or service key components conveniently via

a single access door, now with fewer screws.

Confidently safeguard data with Dell Data Protection software³, Trusted Platform Module (TPM)⁴, encrypted hard drive options⁴, and contactless smart card and fingerprint reader login access options. Strengthen security with port control options, physical hardware lock, and optional tracking and recovery services.

Dell Latitude long lifecycles, managed transitions, and ImageWatch™ advance look at software and hardware changes help ensure long-term stability so you can easily plan for the future.

Finally, the Latitude E6430s is backed by a wide range of global services and support. Customize Dell ProSupport⁵ for your specific needs, and simplify deployment with Dell Deployment Services, Configuration Services, and Dell ImageDirect™.
